

Congratulations on your new purchase!

We are Opus VTR. Your selling dealership has contracted us to properly title and/or register your vehicle, motorcycle, motorhome, travel trailer or watercraft.

Please be advised that one of our experienced title clerks will contact you by phone or email if any additional information is needed for the completion of your title/registration.

If your state requires a VIN inspection to complete this process, we have inspection stations in about 14 states that are licensed to do the inspections. Please do not hesitate to ask our experienced title clerk about the location of the nearest inspection station.

We are very excited to work with you and provide a smooth and efficient out of state vehicle purchase experience.

If you have any questions, please call your local office at one of the below telephone numbers. Our offices are open Monday through Friday from 8:00 am through 5:00 pm EST. Please be aware that we are a third-party contractor, and we can only discuss with you the title and registration. If you have any other questions, please contact your selling dealership.

Important: Please be aware that some states may impose late penalties and inspections may expire if a vehicle is not registered on time. Your timely response to our requests or inquiries will help prevent those situations from occurring.

Sincerely,

Opus VTR
